

Program / Mod Name	Notes	Key:	Allowed	Sometimes Allowed	Not Allowed
<i>RivaTuner</i>					
<i>TimerResolution</i>			The following list details the hacks from Mega Hack that we allow for submissions to the list.		
<i>Texture Packs</i>	Any texture packs that make the gameplay of the level easier by altering decoration are prohibited for records on the list. Texture packs that visibly alter hitboxes (e.g. spikes, but not player icons) to make them perceptively easier to avoid are also disallowed.		<b><u>Players should assume that any program or mod that is not on this list is not allowed!</u></b>		
<i>-1 Frame</i>					
<i>4GB Patch</i>					
<i>Click Between Frames</i>					
<i>Click On Steps</i>					
<i>Draw Divide</i>					
<i>Every Key Jumps</i>	Allowed as long as the player uses no more than 3 input types				
<i>Globed</i>	Allowed as long as the player isn't using it to gain an unfair advantage (e.g., following another player in a memory level)				
<i>Run Info</i>					
<i>Click Sounds</i>	not a valid substitute for clicks and may be considered equivalent to clickbotting				
<i>Shipcopter</i>					
<i>Shaders</i>	Shaders that only affect menus are allowed				
<i>Any Bot</i>					
<i>Any Macro</i>
